

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation - and a reprehensible, biasing action to take in any case, especially with no attempt made to provide a balanced point of view.

I'd like to formally complain about this misuse of the public broadcast spectrum by Sinclair, and request that this be taken into consideration when their broadcast licenses are up for renewal.

Perhaps they can be convinced that abuses like this are not in their own interest - they certainly aren't in the public's interest.

Thank you.
